Permalog+

Advanced Leak Noise Logger

Permalog+ is a compact leak detection device that provides both noise logging and correlation in one complete system.

Incorporating correlation software that builds upon our recognized SoundSens platform, Permalog+ delivers consistently high quality sound recordings. Compatibility with the WebCorr mobile app allows users to replay sound files and correlate data in the field.

Through WebCorr, data can be transferred to the cloud-based PermaNET Web platform for collation and analysis.

Key Features and Benefits

- **Compatible:** Works with laptops, tablets, and smartphones (both Android and iOS).
- **Portable and Discreet:** The Patroller 4 is small, compact, and lightweight.
- **Wireless Data Collection:** Data can be collected wirelessly in a moving patrol vehicle.
